Saginaw Valley College Association, Inc.

October 3, 1958

Dear Founder:

You have every right to feel proud of the progress toward establishment of a Tri-County Community College which your efforts have made possible.

Another important milestone has just been passed with the Board of Trustees' appointment of Dr. Samuel D. Marble as president of the institution you are building.

The Trustees have asked your Valley College Association to sponsor a reception at which the public may meet Doctor and Mrs. Marble.

This reception will take place the evening of October 10 in Bay City Junior College's new gymnasium. Your participation and that of your wife or husband, plus any other interested citizens you may wish to bring will help materially to acquaint Doctor and Mrs. Marble with the wonderful people who have been the prime movers in the college development program.

There are many ways in which your College Association can serve further to develop Tri-County Community College and related facilities and programs.

Your Association officers have therefore scheduled a meeting of Association members and all others who desire to become members. This meeting will also take place the evening of October 10. It will be held at 7:30 p.m. in a separate section of the Bay City Junior College's new gymnasium, prior to the reception.

Doctor Marble will speak briefly to Association members. He will be introduced by Maurice E. Brown, chairman of the Board of Trustees. Representatives of the Junior College faculty and student body will also speak briefly.

A nominating committee composed of your four officers and five other members (a total of 3 from each county) will then submit for your consideration a list of 27 nominees (9 from each county) for possible election as a College Association board of directors. Further nominations will be invited from the floor. The 27 directors elected will meet at a later date to elect officers and draft a program of action for submission to you and other Association members. The directors will be elected to serve staggered terms of three years each.

This program is subject to any changes Association members wish to make at the October 10 meeting. Please come to the meeting, which will open promptly at 7:30, and plan to stay for the reception.

The Junior College's new gymnasium is adjacent to Bay City Central High School, 1624 Columbus Avenue. There will be a sign in front of the gymnasium directing you to the parking lot.

Sincerely,

Otto C. Pressprich
